This selection must be finalized to complete your reservation.

We are pleased to offer coverage through:

Faye Travel Insurance

Faye provides comprehensive travel protection designed to cover unforeseen circumstances both before and during your journey.

Important Payment & Refund Policy

All payments made to **A Dose of Travels LLC** are strictly:

Non-refundable and non-transferable

This policy is necessary due to the contractual agreements in place with our network of hotels, airlines, cruise lines, and travel suppliers, which preclude refunds following the confirmation of a booking.

This structure enables us to:

- Secure exclusive group rates
- Offer flexible, installment-based payment plans
- Provide attractively priced travel packages

For these reasons, travel insurance is strongly advised as a means to protect your financial commitment.

Key Benefits of Travel Insurance Coverage

Travel insurance offers protection against a variety of unexpected situations. Common coverage examples include:

1. **Flight Disruptions:** Assistance with rebooking and covered expenses should an unexpected flight cancellation occur, such as a connecting flight.
2. **Loss of Essential Items:** Support in locating lost luggage and assisting with the emergency replacement of necessary items, including prescription medications.
3. **Theft of Identification or Funds:** Aid with emergency funds and support for the replacement of a lost or stolen passport or wallet while traveling.
4. **Emergency Medical Situations:** Coverage for necessary medical care or emergency evacuation in the event of injury or illness.
5. **Trip Cancellation for Covered Reasons:** Potential reimbursement of covered trip costs if cancellation is required due to a family member's serious illness or other covered emergency.
6. **Baggage Loss, Delay, or Theft:** Reimbursement for essential purchases and covered losses associated with delayed, lost, or stolen luggage.
7. **Supplier Default:** Protection for your travel investment should an airline, cruise line, or tour operator cease operations.
8. **Injury Abroad:** Assistance with locating qualified medical providers and coordination of care while traveling.
9. **Security and Safety Concerns:** Coverage that may permit cancellation if unforeseen security events arise at your destination.
10. **Impact of Natural Disasters:** Assistance with covered losses and arrangements resulting from vacation interruptions due to hurricanes, severe storms, or mandated evacuations.

Protecting Your Travel Investment

Without travel insurance, you bear the full financial responsibility for:

- Forfeited deposits
- Medical expenses incurred abroad
- Costs associated with flight changes
- Emergency travel expenditures
- Financial losses from trip interruptions

Travel insurance provides both financial security and peace of mind.

"Cancel For Any Reason" (CFAR) Coverage (Highly Recommended)

For the highest level of protection, we strongly recommend the purchase of:

Cancel For Any Reason (CFAR) Coverage

This enhanced coverage provides the flexibility to cancel your trip for reasons typically excluded from standard policies.

CFAR offers:

- The greatest degree of flexibility
- The most comprehensive level of protection
- Robust security for your financial investment

Important Notice:

CFAR coverage is time-sensitive and must be secured within a brief period following your initial trip deposit.

Our Official Recommendation

A Dose of Travels strongly recommends securing your travel insurance through:

Faye Travel Insurance

It is prudent to have travel insurance and not require it, than to require it and be without it.

Final Acknowledgment of Policy

By declining the offer of travel insurance, you formally acknowledge and agree to the following:

- You understand and accept that all payments are non-refundable.
- You assume full financial responsibility for your travel investment.
- A Dose of Travels is absolved of responsibility for losses incurred due to unforeseen circumstances.
